Unifi is a fast-growing finance and technology company operating in Zambia, South Africa, Uganda and, soon, Kenya. Unifi delivers personal lending products through online, mobile phone and branch channels. The company is well supported by strong shareholders and a board of directors with vast experience in entrepreneurship and lending.

Unifi is recruiting a new head of the business intelligence team to help establish a world class management information environment to support the company's rapid growth phase. The ideal candidate must be analytically adept, understand the business, be able to put new systems in place, and have a passion for African business. A healthy spirit of adventure and sense of humour would be helpful. Flexibility to travel will be required.
